Wanted to give you a heads up on this. Also we have launched 10 or so lawsuits to companies using our trademarks. Many of these people are using yours as well. Do you want to do anything about it or should I stop telling you about these people? I'm starting to see a LOT of people with your trademarks and these guys are diluting your awesome product names more and more every day

Look at this companies "Lipodraine" product.

Looks alot like Hi-Tech's "Lipodrene"not just the name but the label and color scheme.

DECLARATION OF INCONTESTABILITY OF A MARK UNDER SECTION 15

WHAT IS A §15 DECLARATION?

A §15 Declaration is a sworn statement, filed by the owner of a mark registered on the Principal Register, claiming "incontestable" rights in the mark for the goods/services specified. Marks registered on the Supplemental Register are not eligible for claims of incontestable rights under §15.

WHAT IS AN "INCONTESTABLE" REGISTRATION?

An "incontestable" registration is conclusive evidence of the validity of the registered mark, of the registration of the mark, of the owner's ownership of the mark and of the owner's exclusive right to use the mark with the goods/services. The claim of incontestability is subject to certain limited exceptions set forth in §§15 and 33(b) of the Trademark Act, 15 U.S.C. §§1065 and 1115(b).

AM I REQUIRED TO FILE A §15 DECLARATION?

No. The filing of a §15 Declaration is optional. An owner may choose to claim the benefits of incontestability by filing a §15 Declaration or may elect to retain the registration without those benefits. The term of the registration, for purpose of renewal, is not affected in either event.

IS THERE A PARTICULAR TIME PERIOD FOR FILING A §15 DECLARATION?

Yes. A §15 Declaration may not be filed until the mark has been in continuous use in commerce for at least five consecutive years subsequent to the date of

registration for marks registered under the Act of 1946 (and subsequent to the date of publication under §12(c) of the Trademark Act, 15 U.S.C. §1062(c), for marks registered under the Acts of 1905 and 1881 for which the benefits of the Act of 1946 have been claimed). The §15 Declaration must be executed and filed within one year following a 5-year period of continuous use of the mark in commerce.

I have these trademarks and many many more that people would recognize and they are sitting on the shelf. If we could figure something out we could cause a LOT of attention to the line and add you know the brand recognition is massive. I would love to discuss man. I've not had a retail product before and I think we could kill it

My name is Brian Clapp, owner of Dynamic Sports Nutrition, LLC. I have been trying to reach you for years now, but my legal correspondence has continued to be returned to us. As you know, you have been in violation of trademark infringement for many years. I am emailing you to request that you discontinue using these marks immediately.

Failure to do so will result in immediate legal action. The following trademarks should be removed from ALL marketing material, websites, and affiliate websites immediately.

Anadrol-A50

Clenbuterol™

<http://tess2.uspto.gov/bin/showfield?f=doc&state=4806:4u7wpq.9.1>

I would like to also inform you that I have contacted both the owners of the following trademarks:

Dianabal-Dbol

<http://www.stacklabs.com/bulking-mass/strength/dianabal-dbol.html>

Anavar

<http://www.stacklabs.com/cutting-lean-muscle/anavar-ox10.html>

Below you will find the registrations of both marks:

D-bol®

<http://tess2.uspto.gov/bin/showfield?f=doc&state=4806:4u7wpq.15.1>

Trademark violations of this magnitude is a serious issue. I can prove that I have had a massive global internet presence for these marks for MANY years. You have been a hard man to find, but now that I have found you, I will do everything in my power to protect my company and the damage that you are and have been doing for going on 8 years. I also have records (screen shots) of all of the trademarks that you where using BEFORE changing your names and those are mostly violating my trademarks as well. Phillip, you have been stepping on my trademarks for a long time and I have documentation of trying to reach you through my attorneys. I am demanding that you take immediate action in removing these products from any and all websites and marketing or I will be forced to take very serious and aggressive legal action for past and future damages. As noted above, I am also in contact with both Daniel Amato and Jared Wheat, owners of the other trademarks shown above.

I would like to hear something from you ASAP.

I do not find it amusing that you show an address one physical block away from my company. I am sure this will look very suspicious in determining the outcome of this issue. Not only did you step on my trademarks, but you put your office location one block away in Houston? What were you thinking.

I would like to also inform you that I have contacted both the owners of the following trademarks:

Dianabal-Dbol

<http://www.stacklabs.com/bulking-mass/strength/dianabal-dbol.html>

Anavar

<http://www.stacklabs.com/cutting-lean-muscle/anavar-ox10.html>

Trademark violations of this magnitude is a serious issue. I can prove that I have had a massive global internet presence for these marks for MANY years. You have been a hard man to find, but now that I have found you, I will do everything in my power to protect my company and the damage that you are and have been doing for going on 8 years. I also have records (screen shots) of all of the trademarks that you where using BEFORE changing your names and those are mostly violating my trademarks as well. Phillip, you have been stepping on my trademarks for a long time and I have documentation of trying to reach you through my attorneys. I am demanding that you take immediate action in removing these products from any and all websites and marketing or I will be forced to take very serious and aggressive legal action for past and future damages. As noted above, I am also in contact with both Daniel Amato and Jared Wheat, owners of the other trademarks shown above.

I would like to hear something from you ASAP.

I do not find it amusing that you show an address one physical block away from my company. I am sure this will look very suspicious in determining the outcome of this issue. Not only did you step on my trademarks, but you put your office location one block away in Houston? What were you thinking.

Jared,

This is just a thought, but what do you think the response would be if an entire line of popular steroid names came out in one brand?

Winstrol
Anavar
Deca-Durabolin
Trenbolone
Dianabol
Masteron
Primoteston
Clen
Testoviron
(Many more....)

I've got just about every old steroid name under trademark except for the ones you have and I'm not doing anything with them. I just figured I'd run it by you to see what you thought.

Take care man

Trademark violations of this magnitude is a serious issue. I can prove that I have had a massive global internet presence for these marks for MANY years. You have been a hard man to find, but now that I have found you, I will do everything in my power to protect my company and the damage that you are and have been doing for going on 8 years. I also have records (screen shots) of all of the trademarks that you where using BEFORE changing your names and those are mostly violating my trademarks as well. Phillip, you have been stepping on my trademarks for a long time and I have documentation of trying to reach you through my attorneys. I am demanding that you take immediate action in removing these products from any and all websites and marketing or I will be forced to take very serious and aggressive legal action for past and future damages. As noted above, I am also in contact with both Daniel Amato and Jared Wheat, owners of the other trademarks shown above.

I would like to hear something from you ASAP.

I do not find it amusing that you show an address one physical block away from my company. I am sure this will look very suspicious in determining the outcome of this issue. Not only did you step on my trademarks, but you put your office location one block away in Houston? What were you thinking.

Below is the information for Phillip as well as the email I sent him when I finally found him. I called and spoke to the attorneys for Anadrol and it seems he caved quickly when they responded. By you sending a letter of violation, we can show intent to protect our marks and push this guy away from making money from our efforts.

If there is any other info you need I will be happy to provide that to you.

It seems you are not interested in my calls, so I figured I would spend one last minute letting you know that a letter to Stacklabs.com seemed to have remedied the issue of trademark infringement.

It does not appear that you care about this issue, but if you change your mind, I will be happy to provide you with his contact info. The guy is a sneak and did a good job hiding. I just figured it would be kind of me to share the info. I dont like people who use others trademarks and I sure as hell dont like the ones that hide themselves from the public while doing it.

Take care Jared.

Did Stack Labs in Houston and Swesspharma respond? I don't think the address we had for Swesspharma changed to a new area and I have not heard back from Stack Labs.com. Do you have good addresses for these guys? I noticed you were in contact with an attorney who was getting you in touch with swesspharma. Thanks Jared

Jared,

I hope your holiday and New Year was a good one. I wanted to tell you that I found Stacklabs.com and we are going after them very hard for Trademark violations. They have been using your Anavar and Dianabol marks and I wanted to know if you would like to join me?

I hope you are well

The website went down pretty quickly. It seems that most of these people are making these bottles in their living room with ZERO regard for copyright or trademarks.

I received a call from Philip King today in regard to my cease and desist letter. He said that he only made 5 bottles of his infringing product and that it did not sell. He said he would destroy the remaining bottles and that the website has been taken down. He said he intends to bring the website back but it will not contain the infringing product. He will certify this information in writing to me. He also will have his legal counsel contact me to discuss further. He did try to make somewhat of a threat that if we pushed hard on him, he would fight back. As with the other guy, I am not exactly sure he is telling all about this product. It seems odd that he would have this website up advertising this product for only 5 bottles. In any event, I will let you know when I hear back from him or his counsel.

See below from Rich Wyant with Muscledlabs. He denies everything but does provide his attorney's contact information. I will attempt to contact the attorney so that we can assess what Mr. Wyant's involvement is with Muscledlabs.

Hi Jody,
You must have misunderstood my position.
I have no authority, make no decisions, and make no profits from sales of this "Dianabol" product. I am a business developer. I have no involvement in this matter. You'd be misleading and misrepresenting your client if you are suggesting that I can resolve this or have any responsibility to even do so. I was very polite to you. I will do what I had promised to do, but please do not insult my intelligence that I am

DSN000072

under any duty to do so.

I extended a courtesy to you by contacting Mr. Gavin of SwessPharma and emailing the parties that I assisted in optimizing their online set up.

Let me help answer your questions:

1) YOU STATED: Specifically, this email does not say that your infringing product has been discontinued and that you are no longer producing it. My answer: I have no infringing product.

2) You stated: Furthermore it does not say when you stopped producing it or what you have done with the remaining inventory of the infringing product. I notified all the involved parties on the date a prior letter was received. I have never "produced" it. I created 1 label with the title "Dianibol".

3) You stated: It also does not say that you are not advertising the infringing product or that it is no longer being offered for sale on your website. My answer: a) I have no website b) therefore I certainly do not advertise this product anywhere

4) You stated: As I mentioned to you on the phone, as of today, the website <http://www.musclelabsusa.com/> My answer: You will need to contact the owners or webmaster of that website. I have no position or authority to do so. I have emailed the webmaster your letter.

5) You stated: Whether you operate this website or not, the fact is it has your company's name on the bottle and it must be removed from sale immediately. My answer: That is not my company.

6) You stated: I tend to believe that since your business is a web-based business that you are aware of the presence of this product on the internet. My answer: Again, I have no business which sells this product. After my contact with you, I browsed google to see where it was being sold.

7) You stated: Accordingly, please confirm by Monday the removal of this product from the marketplace and the destruction of all such infringing products. My answer: I will do as promised via our telephone conversation. I will notify Mr. Gavin, Amanda Odell and any others whom I possess contact information for. As of the time of this email I have forwarded the letter I received from you to 5 parties.

There will be no need for me to follow up on monday. I will do as promised to best of my ability this weekend. If you wish to retain my services, I will gladly take additional steps to assist you. Aside from that, there is nothing more I can do.

Most online operators likely utilized a base template with the title "Dianibol" and they have self modified it for their own uses. I am sure removing all the images from google is near impossible. My specialty is search engine optimization, and I can tell you first hand that even with a cease and desist, google,yahoo and bing will not remove the related content.

If you'd like to remove them from the marketplaces, I might suggest you simply email a cease and desist to each marketplace selling this item, this would bring you the best results for your client.

Your wording has lead me to believe that you are attempting to implicate me as a legal target in this matter, therefore I am going to do as I promised you, but please

send any legal correspondence to:

Rich:

Thank you for your email. However, I must admit that it does not address the critical issues and in fact, raises additional issues. Specifically, this email does not say that your infringing product has been discontinued and that you are no longer producing it. Furthermore it does not say when you stopped producing it or what you have done with the remaining inventory of the infringing product. It also does not say that you are not advertising the infringing product or that it is no longer being offered for sale on your website. As I mentioned to you on the phone, as of today, the website <http://www.musclelabsusa.com/> continues to show a product with a label "DIANABOL" for sale. Whether you operate this website or not, the fact is it has your company's name on the bottle and it must be removed from sale immediately. I tend to believe that since your business is a web-based business that you are aware of the presence of this product on the internet. Accordingly, please confirm by Monday the removal of this product from the marketplace and the destruction of all such infringing products.

In addition, your email below mentions SwessPharma. Please note that we have already served SwessPharma and its owner, Greg Gavin, with a similar cease and desist letter related to SwessPharma's own infringing product. However, prior to your email, I did not know of yours and MuscleLabs USA's involvement and affiliation with SwessPharma but do appreciate you bringing this information to light. I do find it interesting that you failed to mention this information during our telephone discussion. Nevertheless, please confirm the nature and extent of yours and MuscleLabs USA's relationship with SwessPharma. Furthermore, please confirm that SwessPharma will likewise remove its infringing product from the marketplace immediately.

DSN000074

Please note that I have been authorized by Hi-Tech to proceed with litigation against you and MuscleLabs, as well as against SwessPharma, if these actions are not taken by Monday.

Hi Joe,

As per your prequest I am sending you this email regarding your clients trademark claim.

I have not been affiliated with www.SwessPharma.com or any of their affiliates in well over a year. All web related activities are controlled by Gregory Gavin and Amanda Odell. I was simply a business developer they retained who took part in implementing their project.

I have filed the documents that you sent via mail in pdf and forwarded them to Mr. Gavin.

Muscle labs USA Sports Supplements is not violating you clients trademark, Mr. Gavin commonly will place other names within the WHOIS database to confuse the public as to who actually owns his domains. I do not own any domain names or websites.

Please note that I have absolutely no involvement, or control, over any items infringing on your clients trademark. I have emailed Mr. Gavin your information.

If I can be of any further assistance, do not hesitate to email me.

Thanks, RJW

See below from KingLabs. The website no longer displays the Dianabol product or any product for that matter. However, I am still unconvinced of this guy. Let me know how you want to proceed.

To whom it may concern,

I do not sell or produce any product named dianabol or dianabol xxv. The product in question was a sample product produced as a mere thought, sept 2011. The website in question www.kinglabs.us never generated one dollar. The production of Dianabol xxv consisted of ten labels and 600 capsules. The active ingredient was methyl-1,4 -androstendiol 32 mg. One bottle was sold to a friend for 40.00. That

DSN000077

was in oct 2011.

Feb 2012 I founded KING INTERNATIONAL. I distribute bodybuilding supplements , tanning products and cosmetic creams. When the product in question was produced I had no registered business or tax id number. Same goes for the website. It was a hobby at that point.

1. All labels with the Dianabol xxv likeness have been destroyed
2. All capsules of the underground product Dianabol xxv have been destroyed
3. The website that had the dianabol xxv picture has been taken down (also note , there was no way to pay for any items on that page- It was not linked to paypal or credit card option

I had done a google search today and came across numerous products (legal and illegal) with the name DIANABOL. Also note many body building magazines are selling products with the same name. Flip to the back of any major bodybuilding magazine and you will find dozens of ads selling products named DIANABOL. All have options to pay with credit cards.

I apologize for any inconvenience.

sincerely ,

Jared,

Hope things are good! I was wondering if you had information on these guys (the product owners): <http://www.militantmuscle.com/>

I noticed that these guys changed the name of their product and I was wondering if it was because of you contacting them? If you did, can you let me in on who they are so that i can go after them as well? Any help would be appreciated.

Hey Jared,

Wanted to let you know these guys were out there and in Houston:

http://www.stacklabs.com/contact-us/info_7.html

They are stepping on your Dianabol mark. I am also about to pursue them for marks that I own. Thought you would like to know.

Jared,

I hope you are doing well man. I wanted to ask you if you had launched the suit against Phillip at Stacklabs.com? We have started on our side and my attorneys wanted me to ask you if you are planning on hitting him on your side. They suggested that if we both were hitting him at the same time it would accomplish our goals faster. If you are not suing him yet, we are still going forward but I wanted to ask. Thanks man

Ok. That is a great idea. This guy is an arrogant son of a bitch and seems to think he is above everyone he talks to. I will forward the information to the ones you can stop with either letters and emails.

The reason I have been pressing you so hard with this is because if we spend the time and effort at handling these guys RIGHT NOW, we can clear the playing field of the guys who have established their businesses years ago and it will allow for us to easily manage the small new companies that pop up and can easily be scared with legal action. These other guys are making enough money now to have nothing to lose but to fight us. I don't like that and it can be prevented.

One last thing. .. These companies that are using our marks are hiring affiliate companies and hundreds of websites are popping up promoting those others products and it's diluting us like crazy. This is causing more and more people to want to start these types of companies and their excuse for using our marks is "everyone else is using them"

I've stopped or am stopping just about everyone using my marks but your marks are not getting stopped because I have no authority to stop them. I've actually inquired to my lawyers if I could get permission from you to stop them but was told that wouldn't be the proper way too handle this because we are not the true owners of your marks.

I will get info to the ones you can stop with letters, but I have to know you will follow through because it would be an email that I have to put effort into preparing for you.

If I put it together will you follow through?

Brian,

I hope all is well. I wanted to forward on a message from my attorney on the stacklabs.com lawsuit we filed. I also have more information on crazymass.com which is also using your marks however it's important to note that stacklabs, crazymass.com, and swesspharma.com are using affiliate services and there are more than a few hundred affiliates promoting and diluting your marks. I've been able to stop them all without legal action with the exception of stacklabs.com. If your at all interested, I can help you squash this issue and set a strong precedence for protecting these marks. Again. .. With the exception of stacklabs.com we've been able to avoid lawsuits and the only expense was sending letters to the owners as well as the hosting and affiliate companies. Are you interested in joining us in the Stacklabs.com issue and would you like the info on the others who you can stop with simply letters?

Mr. Brian Clapp,

We just wanted to remind you about the August 1, 2014 deadline to join new parties in the federal court case against Phillip Birtasevic and StackLabs. If Jared Wheat is interested in joining the lawsuit, he will have to do so before August 1, 2014. We note that we still have not received any response from Jared Wheat in reply to our May 29, 2014 letter.

If you have any questions or concerns, feel free to contact our office at any time.

Best regards,
Mike Swartz

Mr. Brian Clapp,

We can certainly understand your confusion - there are a lot of things going on right now. Here's a quick update on the federal court case against Phillip Birtasevic and StackLabs.

On May 28, 2014 we had the Initial Pretrial and Scheduling Conference in the Dynamic Sports Nutrition, LLC v. IBUY BODY, LLC Federal Court Case No. 4:14-cv-00151. The upcoming dates for the proceeding are set out as follows:

August 1, 2014 Deadline to join new parties
October 1, 2014 Deadline for pleadings
December 1, 2014 Deadline to designate Plaintiff's experts
January 15, 2015 Deadline to designate Defendant's experts
March 2, 2015 Deadline for discovery
April 1, 2015 Deadline to file motions
June 19, 2015 Deadline to file Joint Pretrial Disclosures
June 29, 2015 Begin 3 day Bench Trial

This might be a good time to remind you that on May 29, 2014 we sent the letter to Jared Wheat about policing his marks, and we attached a copy of the lawsuit against Phillip Birtasevic and StackLabs. We have not yet received a response.

If you have any questions or concerns, feel free to contact our office at any time.

Best regards,
Mike Swartz

Mr. Brian Clapp,

We just wanted to remind you about the August 1, 2014 deadline to join new parties in the federal court case against Phillip Birtasevic and StackLabs. If Jared Wheat is interested in joining the lawsuit, he will have to do so before August 1, 2014. We note that we still have not received any response from Jared Wheat in reply to our May 29, 2014 letter.

If you have any questions or concerns, feel free to contact our office at any time.

Best regards,
Mike Swartz

Mr. Brian Clapp,

We can certainly understand your confusion - there are a lot of things going on right now. Here's a quick update on the federal court case against Phillip Birtasevic and StackLabs.

On May 28, 2014 we had the Initial Pretrial and Scheduling Conference in the Dynamic Sports Nutrition, LLC v. IBUY BODY, LLC Federal Court Case No. 4:14-cv-00151. The upcoming dates for the proceeding are set out as follows:

August 1, 2014 Deadline to join new parties
October 1, 2014 Deadline for pleadings
December 1, 2014 Deadline to designate Plaintiff's experts
January 15, 2015 Deadline to designate Defendant's experts
March 2, 2015 Deadline for discovery
April 1, 2015 Deadline to file motions
June 19, 2015 Deadline to file Joint Pretrial Disclosures
June 29, 2015 Begin 3 day Bench Trial

This might be a good time to remind you that on May 29, 2014 we sent the letter to Jared Wheat about policing his marks, and we attached a copy of the lawsuit against Phillip Birtasevic and StackLabs. We have not yet received a response.

If you have any questions or concerns, feel free to contact our office at any time.

Best regards,
Mike Swartz

With all of these things happening so fast, can you tell me again where the Stacklabs.com case is and what is going on with it? I am glad we are getting a lot of this handled but I am getting confused at times! hahaha :-)
